PROCEEDING OF THE INTERNATIONAL CONFERENCES ON ENGINEERING SCIENCES

VOLUME. 2 NUMBER. 1 JANUARY 2025

FOCUS AND SCOPE OF THE JOURNAL

Proceeding of the International Conferences on Engineering Sciences with E-ISSN .: 3090-6733, It's a collection of papers or scientific articles that have been presented at the National Research Conference which is held regularly every two years by the Asosiasi Riset Ilmu Teknik Indonesia. The paper topics published in the Proceeding of the International Conferences on Engineering Sciences the sub-groups of Civil Engineering and Spatial Planning, Engineering, Electrical and Computer Engineering, Earth and Marine Engineering and other relevant fields and published twice a year (**January and July**).

Proceeding of the International Conferences on Engineering Sciences Articles published in Proceeding of the International Conferences on Engineering Sciences include the results of original scientific research (priority), new scientific review articles (not priorities), or comments or criticism of articles in Proceeding of the International Conferences on Engineering Sciences. Proceeding of the International Conferences on Engineering Sciences Receives manuscripts or articles from various academics and researchers both international.

Articles published in journals are articles that have gone through a review process by Mitra Bebestari (*peer-review*). **Proceeding of the International Conferences on Engineering Sciences** accepts articles derived from original research results (priority priority), and new scientific review articles (non-priority). The decision to accept or not to accept scientific articles in this journal is the right of the Editorial Board based on the recommendations of the Reviewer Partners.
